## FEATURES

When the single win line is formed of just one colour, the **multiplier** on the centre reel will be awarded for a win of up to 100x the total bet.

Look out for the rainbow **Wild** symbols, which can appear on the first and third reels and substitute for any colour to help form winning lines.

Wilds together on reels 1 & 3 will not only form stripe wins, but when combined with the **Rockin' Respins** symbol on Reel 2 will also trigger the bonus round.

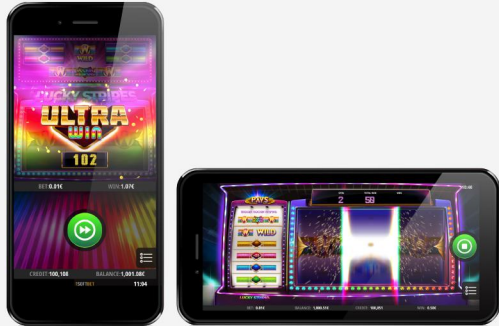

The rainbow Wilds on Reels 1 & 3 will stick in place while the centre reel will **respin** up to 30 times to award multiple wins of up to 100x per spin.
